Council Awaits Outside Company's OK For Audit

Daly City Councilmen should know this week if the national auditing firm of Haskins and Sells will accept the job of making a general audit of the city's fiscal books.

A representative of the auditing company last Thursday night heard the council's objectives for calling the audit, then said he would check with his partners to see if they will take the Daly City assignment.

Councilmen Bob St. Clair and Micheal DeBernardi declared the general audit should explain the status of city finances and clarify fiscal procedures in view of the firing of City Manager George Watts and the public's anxiety to know exactly if the city's fiscal procedures are in order.

Councilman Joseph Verducci agreed that this was a primary purpose of the audit, adding that it would give the council an opportunity to determine if city fiscal procedures need improvement and if recommendations by the outside firm would result in better budget policy.

City Finance Director Joseph Arch's '58-'59 fiscal report is due this week as is the year-end fiscal report of City Auditor Bob Hunter.

EASTMOOR AVENUE REALIGNMENT LOOMS

Unless additional snags arise, victory at long-last has been scored in the city's attempt to have Callan Company settle its differences with McKeon Corporation on the realignment of Eastmoor avenue—a three-block-long project that has been delayed and protested the past 18 months.

Only three councilmen were present Tuesday night before a sizeable crowd of St. Francis Heights residents who continued to pressure Callan for a final agreement and proof he will begin work on the realignment.

Councilman Joseph Verducci and builder George McKeon vociferously challenged Callan's procedures and additional delays. Tom Callan Jr. and his attorney, Frank Rose, on the verdict of Mayor Edward Dennis and Councilman Frank Pacelli, did produce evidence of intention to begin the realignment immediately.

This evidence, presented to City Attorney Paul Hupf, was a check from Callan for $10,600, to be delivered to the California Pacific Title Company for the release of a deed on 11 lots to McKeon so that he could in turn relay clear title on the realignment strip (the 11 lots) to the city.

Callan insisted, despite the statements of Verducci and McKeon, that this was sufficient proof of his intention to put in the road without further delays. Dennis and Pacelli disagreed with Verducci and voiced approval of Callan's statement of intention.

Verducci, however, mustering no second on his motion for a resolution to change the zoning on Callan's 21 acres in the St. Francis Heights area (now zoned R-1, R-3 and C-1), said his proposal was based on the fact there was no physical evidence to show that Callan would follow through and realign the road as soon as possible.

McKeon was more emphatic. He charged that "Callan never has had any intention of putting in the road . . . and I think the council has been aware of this."

Dennis and Pacelli, however, overriding Verducci, went along with the acceptance of the $10,600 check from Callan and instructed Hupf to deliver it to the title company.

McKeon maintained that conveyance by the title company of deed was strictly a matter of the Callans delivering the $10,600 to the title company—and that Callan's statement that McKeon had to okay this delivery and hadn't—thus delaying the agreement—was in error. McKeon said the agreement is effective as soon as the title company gets the money from Callan. But the title company Wednesday, in a letter to Callan, reaffirmed that McKeon had to authorize the reconveyance of the deed of trust.

Answering Callan's charge that McKeon halted Callan's grading contractor when he tried to start work on the realignment, McKeon said he did so because until clear title on the 11 lots was released by the title company he (McKeon) could not give the deed on this land to the city. Hupf agreed with McKeon that the city should be protected by having

Seventy Studying Russian

Seventy adults are attending the two Russian language classes on Tuesday nights at Jefferson High School, Adult Education Director Louis Martin reported today.

Norman MacDonald and Donald Kambic, both high school teachers here, are the instructors.

Final registration was completed Tuesday evening and already the students are familiar with the basics of the Soviet language.

Martin said the two classes were authorized due to the heavy response within 24 hours after the course was announced for signups.

Persons interested in registering for future Russian classes here may leave their names with school district officials at PL 5-1162.

Students presently enrolled will attend classes through next June. These graduates will advance to intermediate Russian instruction.

TV Station KQED (Channel 9) circuits instructional films to the Russian classes at Jeff High during each class session to supplement the lectures of McDonald and Kambic.

Educators throughout California have taken notice of the Daly City program — the first Russian language-TV technique instruction offered on the adult level in the state's history.

DC Dad Charges Bartender With Lewd Conduct

Sidney B. Rosener Jr., 41, was arrested on charges of lewd conduct when a 15-year-old Westlake girl admitted she had performed a number of unnatural acts in his apartment and at Rockaway Beach.

Rosener, a bartender at 240 O'Farrell street, San Francisco, was booked on a Northern Judicial District Court Warrent and bail was set at $1000 cash or $2000 bond.

The girl's father said the family moved into Westlake in December and in January he became acquainted with Rosener. Rosener subsequently became "quite friendly" with the 15-year-old girl, the father asserted.

On August 7 this year the girl announced to her dad that she was running away. The following morning her father found her in Rosener's apartment. Rosener told him he and the girl were going to be married. The father said he would never consent to the marriage.

The Westlaker felt that his daughter would stop seeing Rosener. However, last week she told her parents she was going to a dance at Westmoor High School. Instead of going to the dance she went out with Rosener, her father charged.

When the father learned this he brought his daughter to the police department. Officer George Brooks conducted the investigation.

DC Mayor Proclaims Month-Long 'Crusade'

"United Crusade Month" in Daly City has been proclaimed by Mayor Edward Dennis for October to emphasize the "one big give" campaign.

Residential area chairmen and volunteers began their door-to-door appeals Tuesday.

"No matter what amount is given—it all helps an outstanding cause," Dennis declared.

ELEMENTARY SCHOOLS

State Grants Washington, Office Funds

The State Allocations Board in Sacramento granted Jefferson Elementary School District almost $1 million last Tuesday for the construction of George Washington K-6 school and a central administration building.

District Superintendent Richard L. Foster, who attended the meeting with aide Dr. David Shapiro, said the state released $618,212.15 for the Washington school (Lowell-Whittier-Bellevue streets area) and $316,714 for the district headquarters (to be located in Westlake Unit 10 on the corner of the Lincoln and Edison school sites).

Foster said both projects should be ready for bid early next year. Angus McSweeney is the architect on the jobs. Construction is scheduled to be completed by August of 1960.

In another decision this week, the Allocations Board approved the district's request for an additional 135 square feet of construction space on the Fernando Rivera (Westlake basin) School. The contract now calls for a total of 24,940 square feet, according to plans drawn by architect Mario Ciampi.

Slipping Slope At Westmoor May Be Worse?

The "slip lane" that caused the collapse of tons of dirt at the Westmoor High School slope below the upper football field extends as far back as the middle of the school parking lot, soils engineer Mike Praszker told high school trustees Monday night.

He explained that the additional slippage could occur at any time from "tomorrow or a year from now — there is no way of telling when another slide will occur."

Superintendent Ed Morgan asked if there was any immediate danger. Praszker said "no, but cracks will appear in the ground before any more slippage occurs." This will be a warning sign, he emphasized.

Trustees will await the soils firm's final report two weeks

VICTIM HOSPITALIZED

Jeff Freshman, 14, Jailed For Stabbing

James M. Goulden, 19, walked about for nearly seven hours after being stabbed and when the disclosure was finally made insisted it "was not a Daly City police matter."

Goulden, 64 Los Olivos avenue, was stabbed with a six-inch knife Wednesday at 3:15 p.m. last week and went to Mary's Help Hospital claiming he was "cut by a piece of glass." He started bleeding internally, then went to Junipero Serra Hospital saying he "apparently fell down the stairs at his residence!"

The attending physician believed the victim was concealing the cause of the accident and instructed Nurse Virginia Gray to notify police.

The physician told Officer John Van Otten that it was unlikely that a person could sustain such a wound by falling downstairs. Goulden was transported back to Mary's Help Hospital where an operation was performed and four stitches sewn to close the wound.

Officer Jeff Wetmore related that Dr. Paul Nagel said the knife narrowly missed the

Halt SF Trio Here For Rape

Six Daly City police officers helped in the apprehension of three young San Farncisco men charged with raping a 19-year-old Bay City girl early Friday morning about 3:30 o'clock.

Officer Robert Crooker responded to a call and found the girl standing in the doorway of Spudnut Restaurant, 6841 Mission street. She told him a red and white coupe was driven by her assailants and pointed out the car. Crooker gave pursuit and Special Officer Richard Leahy joined him. Leahy found the unoccupied vehicle parked in the 300 block of Miriam street.

Sergeant Jerry Galindo and Lieutenant Bruno Conci brought the girl to the vehicle and she identified it as the same car. Crooker staked out the car for more than an hour. The suspects, 21, 22 and 24 years old (the latter pair brothers), finally returned to the auto and drove to Citrus avenue.

Officer Ralph Warren soon spotted the car at St. Charles street and Alemany boulevard not far from the entrance to Westlake. He apprehended Orin LeRoy Wakefield, 3333 24th street; Robert E. McGee, 378 Highlands street, and James A. McGee, 3456 Army street. They were turned over immediately to San Farncisco police.

DALY CITY may not lead the nation in agriculture, but it's one place where the soil is fertile. Maria and Don Conti, 27 Los Banos avenue, proudly show front-yard grown corn—a cob with no less than five separate corn bulbs on it. Corny—but true!

Auto Theft Gang (Ages 11 To 15) Cornered By Cops

Seven Daly City youths, ranging in age from 11 to 15 were apprehended here Monday after changing license plates on one of the cars they stole in front of the home of a San Francisco police officer's mother-in-law.

The boys also gave police the names of two accomplices involved in a wave of auto thefts, mostly from used car lots. The seven youngsters were turned over to the custody of their parents.

Officer Robert Stone of the San Francisco Police Department said he was visiting his mother-in-law at 257 South Parkview avenue, Daly City, and she told him she had seen two boys changing a license plate on a car.

He searched the area and found a Minnesota license plate behind a bush. He brought this to Daly City Police.

Two hours later he spotted the same car his mother-in-law had described and gave chase. He apprehended the driver and this led to the subsequent ar-

Land-Use Plan Hearing Monday

Continued discussion and hearing on Daly City's proposed Land-Use Plan will be held by the city council Monday night in a public meeting beginning at 8 o'clock at City Hall, 75 Wellington avenue.

Residents who desire changes or have protests are encouraged to take the floor.

Subsequent hearings will be scheduled on the city's new Master Plan zoning ordinance.

TUBERCULOSIS, MUMPS MOUNT IN SM COUNTY

San Mateo County health department said that 31 streptococcal infections topped reported cases of disease during the month of September. In this category are sore throats and scarlet fever.

Next came 24 cases of mumps, 18 of tuberculosis and 14 of syphilis. There were eight cases of German measles, six of gonorrhea, five of chicken pox, and three of polio.

Daly City had two cases of tuberculosis, and one each of mumps, measles, polio and epilepsy.

San Mateo had 10 cases of tuberculosis and five syphilis cases.

'Premature' Garbage Bill Increases Will Be Rectified

Residents who were erroneously billed in advance of the new city garbage pickup rate increase, effective October 1, will be given credit for their excess payments in future water-garbage bill collections.

Finance Director Joseph Arch made this statement to the council Tuesday night, admitting there had been an error by the city in charging residents the increased garbage fee "too early."

boy's liver, sinking five inches into his abdomen. James Goulden Sr., the boy's father, said he had nothing to tell and that he would see his lawyer in the morning.

While still under the effect of sedatives, administered for the operation, Goulden Jr. told Wetmore that a Jefferson High sophomore was annoying his sister. Goulden stated he had pulled up next to the younger boy's auto at Sickles and Mission streets and had gotten out of his auto. A fight started and the younger boy stabbed him, he said.

Police apprehended the Jeff youngster at his home and he readily admitted being the knife wielder but stated the act was in self-defense. The 14-year-old showed police where he hid the knife. The case was turned over to San Francisco police because it occurred in their territory.

Vice-Principal Thomas Redmond at Jefferson said that the school had no other reports of the boy ever being in trouble. "His grades are very poor due to the fact he failed to live up to his potential," Redmond stated.

Young Goulden, according to Daly City police records, has been arrested here earlier on juvenile charges of petty theft and burglary. He went to Hillcrest on both counts.

rest of the six other juveniles. Officer Matthew Murray caught up with two of the boys and Officer Tom Culley apprehended one at his home.

Five of the boys are freshmen at Jefferson High. The 11-year-old attends the sixth garde at Thornton and the 12-year-old is in sixth grade at Crocker. The two younger boys, 90 and 72 pounds, were barely tall enough to see out the windshields.

One day two of the boys said they rode around during lunch-time at Jeff and then turned the car over to two others when they returned. They also took some girls for rides in the stolen autos.

Their list of thefts include:

Three weeks ago a car from Gateway Chevrolet's rear lot on County street; an auto from Neville Ford used car lot at 7360 Mission street on Friday; another car from Gateway Chevrolet Sunday afternoon; and a vehicle parked at Ocean Beach later the same afternoon.

Slipping Slope

from now before taking any corrective action.

Praszker said 30 samples were taken from 14 different holes along the bank and upper play field. He noted that the peat under the soil, which caused the damage, runs across Eastmoor avenue. Tom Callan, who owns the adjacent 21 acres of this land, has retained the soils firm to go over all of his property in this area.

Praszker explained that a bowl-shaped lake much like Lake Merced once was prevalent in this area. His firm found fish-like shells and a petrified tree at some of the lower depths. On top of this was the peat which was some form of vegetation at one time. The top silt is above this peat formation.

"The slope to Eastmoor should be stabilized," Praszker said, adding, "but there is nothing unusual about such a condition in this area."

He noted that there was no danger of heavy damage to vehicles, buses or students at the parking lot as the slope wouldn't slide down all at once. The warning cracks would occur before this would happen, he noted.

Praszker said the shifting peat was approximately 22 to 26 feet below the top of the school bank.

Callan implied that he was forced to pay about twice what was originally designated for the lots involved in the release of the deeds and the conveyance of clear title. Instead of 5½ lots involved in the realignment, Callan said the $10,600 payment to the title company was on 11 lots.

Callan told the newspaper he will begin work on the realignment this week, estimating his cost at $33,000 and the time of the project at three weeks. McKeon has been ready to roll on its share of the realignment for sometime — but only if clear title is accomplished.

Councilman Bob St. Clair was absent—on the road with the 49ers. Councilman Micheal DeBernardi phoned he was ill with the flu.

'Runaway' Girl From Jeff High Sent To Hillcrest

A 16-year-old Jefferson High junior was transported to Hillcrest Juvenile Detention Home last week for running away from home. Her boy friend, Larry Delfino, 19, 348 Chester street, Daly City, was turned over to Armed Service police Friday after being apprehended by Officers Rich deLosa and Jim Bergstrom.

The girl was reported as missing by her mother early Friday morning and was reported as leaving the house with Delfino. The pair drove around San Francisco and the Peninsula in his pick-up truck. She said she was on her way home when the officers apprehended her.

The alleged suicide try took place at the home of Alfreda Silva, 350 Willits street. The victim was transported to Junipero Serra Hospital by M&D ambulance and then transferred to Community Hospital where a 72-hour hold was placed on her.

A JUSTIFICATION OF SALARIES?

In the preliminary California State Personnel Board classification and salary review report submitted last week to the council and personnel board, only one thing was forgotten—the TAXPAYER.

The paid-for survey recommends serveral new municipal jobs and many re-classifications to upward brackets (in pay, that is). However in many of these proposed reclassifications, the suggested salaries are far above those paid by industry—and in some cases other cities—for comparable duties.

While recommending wage increases and additional "titles" for several departmental aides and clerical underlings, the state report makes no mention of bringing "essential" fire and police department salaries into line with those earned in other communities of this size.

The past few years, Daly City under city manager administration has seen a steady rise in the city's payroll — considerably more than industry would grant in achieving steady progress and sound management.

Certainly, all employees should be duly compensated for the extent of work they perform and how they perform these duties. But some of the duty statement changes proposed by the state aren't in keeping with better and more economical administration here.

As citizens and taxpayers we should examine closely the costs of doing business as a city. More expenditures via municipal wages are natural cost-of-living considerations. But excessive salaries without ample justification could lead to careless free-spending.

If one municipal employee can reasonably handle two or more tasks, why not so classify him. To date here, this isn't Daly City's municipal philosophy. In some instances taxpayers are footing the bill for the hiring of assistants to assist other assistants — regardless of the cost of this procedure.

Where is all this "extra" money to come from?

Shouldn't the city hold off on these job reclassifications and salary boosts until at least the general audit is made and it is known POSITIVELY what can or cannot be spent?

We think so!

MONEY IS PUT TO GOOD USE

What is the United Crusade? It is the vital, annual, local fund campaign to appeal for your single generous donations to 263 health, welfare, and youth agencies.

It started September 28 and will continue through October.

Crusade agencies shelter babies, youngsters and old folks. Your gift provides care for sick and handicapped.

Its services touch most families. We all gain from youth programs . . . medical research . . . from neighbor helping neighbor.

Here are a list of some of the agencies in San Mateo County which benefit from your generous donations: Camp Fire Girls, Girl and Boy Scouts, Peninsula Jewish Community Center, Woodside Community Foundation, YMCA's, Catholic Social Service, Children's Home Society, Family Service Agency of San Mateo County, Arthritis and Rheumatism Foundation, Children's Health Home, United Cerebral Palsy of San Mateo, Visiting Nursing Association, U.S.O., and Volunteer Bureau of San Mateo County.

Volunteers, who are your neighbors, are going door-to-door this week, collecting funds for the residential division.

All donations—regardless of size—are put to maximum good use.

LOCAL COVERAGE PAPER'S PRIDE

"National Newspaper Week," designated October 15-21 by President Eisenhower, is an annual tribute to the nation's thousands of newspapers for public service in communities of all sizes and characteristics.

In these days of competitive mass communication via the media of newspapers, TV and radio, the importance of the weekly press is greater than ever.

"Local" coverage brings the best readership regardless of the size of the publication. Citizens should be more concerned with things that happen in their own neighborhood than items of national and international scope which receive exhaustive and repetitive coverage in the bigger daily newspapers.

Marchbanks Publications of Daly City — the Westlake Times, The Record and the Daly City Shopping News — has for more than 40 years stressed "local coverage" and will continue to do so for its thousands of north San Mateo County readers.

A newspaper operation that is centralized and functions within the area it covers does the best job.

Reporting on events here by "outside" papers merely touches the surface of the stories and is not as interpretative. These outside papers, too, must cover their own "local" news and therefore don't have space enough left to devote to communities more removed.

If citizens are sincerely interested in the welfare and progress of their community, they should support and realize the value of local coverage. There is no substitute for on-the-spot reporting.

This Thief Won't Lose His Car Key

A thief with one thought in mind got what he wanted between 10 p.m. Sunday and 8 a.m. Monday.

Ninety keys which fit all General Motors cars were taken from Columbus Motors, 7276 Mission street, reported manager Del Crum, 336 Bank street, San Francisco.

A blunt instrument was used to break glass on the door and gain entrance. The 90 master keys, which were hanging in plain sight on the office wall, were the only things taken. Nothing else in the office was disturbed.

STUDENT BOOM FINDS TRUSTEES LOOKING AHEAD

Student population in the four elementary districts from which Jefferson High School District draws its enrollees is up 12.9 per cent over last year, Superintendent Ed Morgan told trustees at Monday's meeting.

Last year the four elementary districts, Jefferson, Brisbane, Bayshore and Laguna Salada, had 12,164 students including mentally retarded and physically handicapped along with kindergarten through eighth graders.

This year the total is 13,735. On a four-year projection, Morgan said, the district has enough pupils, including adding new houses under construction, to warrant a new high school. A site for this fifth school is just one of the many problems that has to be solved, Morgan stated.

The high schools, Jefferson and Westmoor, also increased this year by even more according to percentage. Morgan gave the figure as 18.33 per cent. Last year there were 2608 pupils. This year there are 3086.

On a four-year projection, Morgan figures there will be a total of 3664 students attending Jefferson, Westmoor, Terra Nova and Oceana. Within five years, he noted, there will be an excess of 900 students—possibly un-housed.

Double sessions are likely in the district late next year pending the completion of Oceana High in Sharp Park and Terra Nova in Linda Mar. The two Pacifica high schools are due to open in September of 1961.

THE PUBLIC AND THE FREE PRESS

In the editorial column and on the front pages of newspapers, and from the speakers' platforms, we constantly hear about the "freedom of the press."

Newspaper editors and publishers are constantly seeking ways to safeguard the "freedom of the press." There is no reason for the search to be prolonged or difficult, for the right is guaranteed under the Constitution of the United States.

"Freedom of the press" is a right which carries certain definite responsibilities with it. All that the newspapers of the nation have to do, to protect and preserve the "freedom of the press" is to see to it that they rigorously perform the duties that the public has a right to expect of a free press.

As long as the people of this country believe that the press in fact, is free, there is no danger whatever of the newspapers losing their "freedom." If the public ever becomes convinced that the newspapers of the country are deliberately distorting the news, misrepresenting officials, or otherwise using their journals for selfish purposes, there will be no need for them to clamor about a free press.

The general public, disgusted with a sycophant press, will applaud any step taken to curb unbridled license. A decent code of ethics, a sense of responsibility and the evidence of a desire to serve the public well will go far towards preserving the "freedom of the press."

It's Time To Think!

With the recent movement in the county (possibly mainly instigated by the southern sections where most of the county funds are spent) to abolish more elective offices and make them appointive ones—it most certainly behooves the taxpayers to THINK!

Is this just another political "pork barrel" movement? Or, is it just another political plot to take away the voter's hold on his own government? Call it what you may, it is not good government.

If we allow such political maneuvers to change our county charter we might just as well "throw in the sponge" and forget the American heritage of elective government. It is up to the electorate of the county to choose their officials at the polls and not have them "appointed" at the whim of a mere "finger-count" officialdom.

Let's change our charter, certainly, but make *all* county offices elective and none of them appointive.

LOOKS are deceiving. It appears that Janice Friedenberg, 2 years old, is putting money in the piggy bank. Actually, she's taking it out to donate to the United Crusade drive which started October 13 here. Her mother, Mrs. David Friedenberg, is co-chairman for the Westlake area. They live at 15 Highgate avenue.

NORTH COUNTY COMPLAINTS

Two Major Airlines Cooperate In Move To Lessen 'Jet Noise' Here

Action and major relief were achieved last Friday in the combined campaign to drastically reduce jet plane noise over South San Francisco, San Bruno and adjacent north San Mateo County communities.

That day Pan American World Airways scheduled six hours of its jet flight training operations for Crows Landing Naval Air Station in Stanislaus County instead of San Francisco International Airport. United Air Lines was expected also to start scheduling jet flight training at the same Navy field.

Thus, an estimated reduction of from 60 to 80 per cent in jet flight training operations at San Francisco International Airport during weekends, at least, was predicted by the carriers.

Pan American's schedule for Crows Landing was the first transfer of jet flight training operations from San Francisco International Airport. It pointed up the prolonged and combined efforts of SFIA's management, Pan American World Airways and United Air Lines, and Congressman J. Arthur Younger of San Mateo to move jet training from San Francisco International to a military field in a less congested area. Then on Friday, Pan American announced that in addition to the jet training it had scheduled for Crows Landing that day, it has arranged for four hour periods of such training at the same field the following day. That alone, a Pan Am spokesman said, reduced their jet training at San Francisco International Airport 60 per cent on weekends.

The amount of time that Pan American may use Crows Landing on week days is still to be determined.

United Air Lines is arranging to reduce its jet training take-offs and landings at San Francisco International Airport from 14 to 3 per day, a United Air Lines spokesman said. That would be a reduction of almost 80 per cent in its jet flight training operations at San Francisco International Airport.

Arrangements for Pan American's transfer of a big share of its jet training operations to Crows Landing were completed after a conference of representatives of Pan American and United Air Lines with Navy Captain B. F. McLeod and Congressman Younger. The necessary high level ratification of the plan by United Air Lines is expected shortly.

The Navy's action came shortly after Mayor George Christopher of San Francisco sent telegrams to Congressmen William S. Mailliard and John Shelley of San Francisco urging them to join Congressman Younger in his efforts to obtain relief for northern San Mateo County communities from jet aircraft noise.

WHEN WHEELS CREAK

Do the wheels creak when the car turns a corner? It may be a loose bolt, points out the National Automobile Club. Loose bolts permit the wheel to wobble, and wheel wobble is the cause of one of the most rapid forms of tire wear.

Weather Doesn't Dim Enthusiasm Of Jeff Hi PTA

Neither fog nor inclement weather could keep the hundreds of Jefferson High School PTA members from their very first "Get Acquanted" meeting last Thursday evening in the school cafeteria.

The many new and old members were greeted by the president, Mrs. Joseph Kusber, who then conducted a very short business meeting.

The motion to have a fashion show for the purpose of creating a student scholarship fund was unanimously carried.

Principal John Mongan, welcomed the guests and remarked, "our PTA officers have made a concerted drive for membership and have done very well." He then introduced 70 faculty members to the group.

Mrs. Bernard Painchaud, vice president and program chairman, announced next month's program would be "Family Fun," and that a very interesting program would be given by the San Francisco Archery Club, of which she is a member. It's also Father's Night and all dads are urged to come.

Hospitality chairman, Mrs. Stowe Webber, was in charge of the refreshments.

Membership in Jefferson High PTA is always open, and those interested in joining are invited to do so by mailing in their dues to the school office. It's $1 for one parent and 50 cents for the next parent from the same family.

COUNTY POLICE OFFICERS STUDY MENTAL HEALTH

More than 300 county police officers are attending a special course in mental health principles and techniques in San Mateo.

The course is sponsored by the Mental Health Association of San Mateo County, with the cooperation of the Law Enforcement Association and the County Health and Welfare Department.

It is part of the Mental Health Association's continuing program of "reaching people to whom other people go for help," according to Mrs. Dorothy New, executive director. It follows a successful similar course for lawyers last spring. One for clergymen is scheduled for January.

The educational program is part of the work financed by the association's annual "Bellringer" fund drive conducted during May of each year.

Total enrollment may reach over 400 out of the county's 595 law enforcement men. Several departments have signed up their entire forces.

District Attorney Keith C. Sorenson, a member of both the Mental Health Association Education Committee and the Law Enforcement Association, took a leading role in setting up the course.

Individuals and committees assisting include Dr. Harold D. Chope, San Mateo County Director of Health and Welfare, and Police Chief Martin C. McDonnell of San Mateo, president of the Law Enforcement Association and the following committeemen:

Chief George Potter, Menlo Park, chairman; Chief George Seely, San Carlos; Assistant Chief Roy McLaren, Daly City; and Dr. Robert Solomon, president of the Mental Health Association and his committee consisting of Dr. John Zuckerman (chairman), Miss Elizabeth Sousa and Harry Prochaska.

Under the general title, "The Policeman's Job in Mental Illness," five lectures have been scheduled. In order to accommodate all officers, identical programs will be presented each week.

At 2:30 an interesting program will be presented. "Esthetic and Practical Aspects of the Palace of Fine Arts," will be discussed by guest speaker, Walter Johnson, president, of the Fine Arts League.

Mrs. Albert Campodonico, vice-president of Fine Arts League, will also address the meeting.

A garage filled with the accumulated trash of years is splendid tinder for a vagrant spark, warns the National Automobile Club. The moral is plain but too often disregarded.

PARIS THEME FOR ANNUAL 'MERCY BALL'

The Terrace Room of the Fairmont Hotel will be transformed into "Paris" for an evening, on Saturday, October 24, when Westlake Catholic Women set the scene for their sixth annual "Mercy Ball." Mrs. Raymond Bennett, chairman for the gala event, is in the final stage of preparations, assisted by her co-chairman, Mrs. Eugene Luttringer, and promises all who attend the dance, a "Parisian" atmosphere.

"Paris After Dark" is the theme selected by the decorations committee, who have been busy since July working on scenes and replicas of the famous city. The decorations chairmen, Mrs. James Murray and Mrs. Angelo Carmassi, have announced that the theme will be carried out in a black and white decor. Some of the many landmarks of Paris, which will be featured are "The Eiffel Tower," "The Arch of Triumph," and "River Seine."

Assisting Mrs. Murray and Mrs. Carmassi with the decorations are: Mrs. George Baader, Mrs. Dario Baciocco, Mrs. Robert Enright, Mrs. Frank Kelechava, Mrs. John Kilday, Mrs. William McGourty, Mrs. John Muilwyk, Mrs. Frank Perez, Mrs. Aldo Pessagno, Mrs. Edwin Short, Mrs. Dino Tonelli, Mrs. Joseph Trapani, Mrs. Guido Tripaldi, and Mrs. Richard Webster.

Music for the event will be furnished by Maurice Wolohan and his orchestra, and dancing will be from 9 p.m. to 2 a.m. Reservations may be obtained by calling either Mrs. Thomas O'Brien, PL 5-7155, or Mrs. Rodney Page, PL 6-0906. Bids are $5 a couple.

Award-Winning Paper Edited By DC Student

University of San Farncisco's student newspaper, the Foghorn, has received the Associated Collegiate Press All-America rating — the highest honor in the college newspaper field — for the tenth straight time, it was announced today.

Duane Andrews, who rated the paper for the ACP, called the Foghorn "one of the nation's finest college newspapers." Andrews is a member of a public relations staff in Minneapolis and is a former staff writer for the Minneapolis Star Tribune.

Ratings were made on a point system covering 22 categories, ranging form news writing to makeup and photography. The USF paper received "excellent or superior" ratings in 18 of the categories and "very good" in the remaining four.

The newspaper was a weekly publication during the period considered in this rating. At the beginning of the current semester the Foghorn began publishing on a daily schedule.

Jerry Finnigan, of 158 Avalon Drive, Daly City, served as editor during the period covered by the All-American rating. Warren Hinckle, 2467 14th avenue, San Francisco, was managing editor. Hinckle is now the paper's editor, replacing Finnigan, who has graduated.

Other editorial positions were handled by Tom Maguire, 1317 Bon Rea Way, Reno, Nevada, and Bill Martin, 456 Dalmas Avenue, San Jose (sports editors); Edward M. Griffin, 470 Colon avenue, San Farncisco (executive editor); Robert Verzello, 4101 Ocean Avenue, San Francisco (feature editor), and Herb Williamson, 1539 Columbus, Burlingame (city editor).

Parents Question Franklin PTA Faculty Panel

Open parent-teacher discussion of student problems with "Anything Goes" was the highlight of the Benjamin Franklin PTA meet, in the school auditorium last week.

A brief business meeting preceded with PTA President Mrs. Roy Milam presiding. The character Thought was read by eighth grade teacher, Eldon Rowe, consisting of "Meditations" by Ann Bradstreet. Mrs. Edward Perry, substituting for Membership Chairman Mrs. Richard Perry, stated that October 12 to the 26 was set aside for the PTA membership drive and urged all to participate. The most parent attendance award for September was given to Mrs. Eleanor Miller, 8th grade teacher.

Vice-President and Program Chairman Mrs. Donald B. Paulsen introduced Principal Fred Schweickhardt and the faculty panel consisting of Dr. Mildred Moorin, Girl's Counselor; Vice-Principal John Belforte, Mrs. Pat Duvall, homemaking; William Mendoza, boy's physical education; Donald B. Paulsen, eighth garde teacher, and Carl Hunter, seventh garde teacher.

Schweickhardt, acting as narrator, prefaced the purpose of this "open discussion" program with timely remarks pointing out that the responsibility of the school is to develop skills in each child to the fullest extent so that he can define and solve problems as they arise.

Parents were permitted to "fire" questions to the panel. Subject discussed were the operation of the new cafeteria, construction of music room, lower athletic field improvement, grouping of students, physical education, speech, and Miss Cecelia Pelicon's creative and formal drama. Most discussed was the current Science Research Association reading program for 7th and 8th garde students. SRA is on a multi-level reading basis geared for speed and comprehension.

A social period followed, with refreshments served by 5th garde room-mothers.

Turkey is on the dinner menu and "Dr. Brush The Great" will entertain with feats of magic.

History, Aims, Activities Of Catholic Daughters Explained

By Eleanor Mumford

Who are the "Catholic Daughters of America?" What is the objective of the organization, its scope and program?

With the coming initiation of new members into Court St. Mary No. 1155, Catholic Daughters of America, a review of the origin and purposes of this organization is fitting.

The Catholic Daughters of America was formed in 1903 for practical Catholic women by the Knights of Columbus, with a membership of 60. The first Supreme Regent was John E. Carberry, Grand Knight of Utica, New York, Council No. 289.

Presently Miss Margaret J. Buckley, supreme vice regent, is acting Supreme Regent since the death of Miss Frances Maher earlier this year. National headquarters is in New York.

The beginning was modest, the progress phenomenal. In the 56 years of existence the membership has grown to more than 200,000. Courts are established in 46 states of the Union, including Alaska, and also in Cuba, Pureto Rico and Panama.

The aim of the Catholic Daughters of America is the propagation and preservation of the holy faith and intensification of patriotism, as the name implies; the material, moral and intellectual development of Catholic womanhood, and the well being of Catholic girls. It is pledged to the dispensation of charity and furtherance of Catholic charitable projects.

The scope of activities has no limitations. Each unit maps its own work commensurate with locality needs. The general scope is religious, educational, cultural, charitable, patriotic, civic, social and recreational.

The national program includes the Apostolate of the Aged—it's aim—to help create awareness to the needs of the aged and a new attitude toward "65." At present in California a centrally located "home" for aged Catholic Daughters is being planned. Every Court in the state contributes to this project.

Education features creative writing in poetry contests, scholarships, discussion groups, library projects, citizenship, and school cooperation.

Several Courts own and operate clubhouses for Catholic women and girls to offer facilities to those with housing and unemployment problems.

World Mission projects, especially in the U. S., are a fairly new phase of Court activity.

Interest in the youth program is manifest in the Junior Catholic Daughters of America—those girls from 12 to 18 years and also the Juniorette programs for girls 9, 10 and 11.

PLANNING committee for North County YWCA's fashion show and luncheon, scheduled for Thursday, October 22, from 1 to 3 p.m. at Westlake Bowl banquet room are (left to right): Mrs. Edward Raymond, YWCA committee chairman; Mrs. William Sorensen, Mrs. R. J. Hummel, Mrs. Jack Rauch and Mrs. Sam Sklavos. Extreme right is guest commentator Mona Baker, columnist for Marchbanks Publications of Daly City.

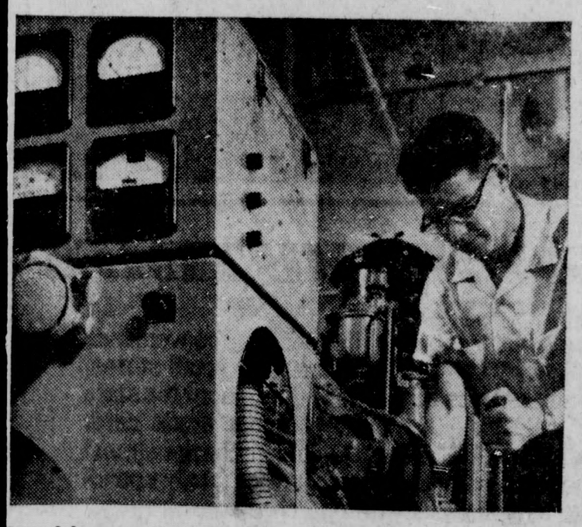
WHAT'S DOING

C. R. Johnson, your Telephone Manager in Daly City

This is a "switchboard on wheels"— a complete telephone central office built right into a big truck trailer. Its job is to help phone people keep vital calls going through during emergencies. You see, we can send these switchboards on wheels wherever they're needed and hook them up to hundreds of phone lines in a matter of hours. Then operators work right from these trailers, keeping important calls going—fire, police, hospital, civil defense, and such. It's one way we work to keep phone service ready when it's needed most.



Stand-by generators are something else we use to meet emergencies. They can feed reserve power into the batteries that supply electricity for your phone calls. It's mighty seldom we'd ever need them but, like the switchboard on wheels, they're ready — just in case.

Court St. Mary Sets Initiation; Benefit Whist

Court St. Mary No. 1155, Catholic Daughters of America, will initiate a large class of new members this Thursday evening at 8 o'colck in Our Lady of Perpetual Help Auditorium, 80 Wellington avenue, Daly City.

Courts in the archdiocese have been extended an invitation to attend, as well as state officers and chairmen.

The installation of officers for the present term of Junior Court St. Mary is scheduled for Sunday afternoon, October 18, 2 o'clock at OLPH Hall.

Miss Monica Clark, the new president, replaces Miss Jane Gruenwald who has led the Junior Court the past term.

Court St. Mary is planning a big "Turkey Whist" to be held at 8:30 p.m. on November 5 at OLPH Hall. The Rt. Rev. William O'Conner is the director of the center. It is located in the "Valley of The Moon," on a site of 180 acres. Designed to care for 126 boys, the intake age is 11 to 15 years.

The principal source of income for Hanna Center is from the voluntary contributions of individulas, organizations and bequests. It is not a member of any Community Chest. The home is a non-profit corporation.

At present plans are underway to build a desperatly needed Infirmary to be completed by May 1960.

It is for the furnishing of equipment for this infirmary that Catholic Daughters of America throughout the state of California are undertaking special projects to help with this worthwhile charity, under the social welfare program.

Thus it is on behalf of this financial need that Court St. Mary is sponsoring the Turkey Whist on November 5. The public is invited to attend.

ADULT SCHOOL OFFERS FINE SEWING CLASS

Women interested in sewing, whether novice or professional, have an opportunity to sew and save by attending classes at Daly City War Memorial Community Center, from 1 to 4 p.m. Mondays.

Sponsored by the Jefferson Adult Education Department, and taught by Mrs. Thelma Cain of Pacifica, the class covers the making of all types of clothing for children, and dressmaking in general.

Women may learn to read patterns and put clothes together for themselves and the family and the cost is only a fraction of the price that would be paid for them ready-made. A saving from 65 to 75 per cent is not at all unusual.

A well equipped room, including new sewing machines and with no interruptions, plus the pleasure of meeting others with like interests helps to make the course worthwhile. All are invited to attend. The registration fee of $1 the only cost.

The enrollment will be limited to 20 persons. An additional class will be opened if the need arises. For information call PL 5-1162 or FL 5-6762.

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!

BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVERHEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first *inclined* engine ever in an American passenger car is the new Plymouth *30-D Economy Six*, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production *SonoRamic Commando V-8**.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. *Custom-Positioned Front Seat. Safe-T-Matic doorlocking system*. RCA "45" Record Player**. And many more.

JEFF, WESTMOOR OPEN PENINSULA LEAGUE FOOTBALL PLAY FRIDAY

Defense Must Harden For Ram Victory Over Panther Gridders

Coach Pete Matisi's Westmoor Rams continued added work on defense this week in preparation for their league opener Friday against Burlingame there at 3 p.m.

The Ram defense sogged a bit in the fog last Friday when Menlo-Atherton literally marched to a 24-19 victory. The Bears racked up 327 yards rushing, mainly through the strong legs of Dick Burns. Burns' runs of 8, 18 and 71 yards accounted for three TD's.

Matisi said he was pleased with the pinpoint accuracy of quarterback Jim Heick who completed 8 of 19 passes for 206 yards. His chief receivers were Tom Dake and Pete Daniels, who both received accolades from Matisi.

Dake scored on a 15-yard pass play while Daniels did the same only from 74 long yards. The third TD was also credited to Heick when he arched a pass to Walt Prouty who continued goalward for a total 51-yard pass play.

The score was tied 7-7 at halftime, but immediatly thereafter the Bears opened up. Thirteen and 14 points in the third and fourth quarters sunk the Rams. Westmoor managed only 6 points in each of the two remaining quarters.

The offense of the Rams is definitely strong but Matisi needs more journeyman duty from the defense. Matisi says no changes are anticipated on defense but is running his current first liners through heavy practice.

"We know we have the personnel to do the job. Last week a few mistakes in tackling and missed assignments led to our downfall," Matisi analyzed.

He liked the interior line play of Larry Siegal and Bob Porras and hopes they do as well against Burlingame. Tom McHugh is a doubtful starter against the Panthers due to a torn ligament in his knee. If McHugh, who roamed for 186 running yards against Woodside, is unavailable, Dake will start in his place at right half.

Indians To Go From 'Frying Pan To Fire'

Jeff High's gridders have been mauled in two practice contests to the tune of 72 points and as luck would have it open against Capuchino, one of the most powerful teams in the Peninsula League, this Friday at 3 p.m. at the Indians' home grounds.

Things were bad when the Indians were overrun 33-0 by Encinal but it looks even worse for Coach Joe McGrath after Cubberley's 39-0 trouncing last week.

The Jeffersonians completed only one of 19 passes and ended up with an incredible minus (—) 22 net yards gained. They failed to make one first down and gained but three yards on the one aerial attempt.

Cubberley scored 13 points in each of the last three periods, gaining most of their 310 yards via the ground route. The farthest "perpetration" Jeff made was to their own 43-yard line!

That was last week. Now McGrath has to contend with the machine-like Cap eleven. Lynn Raymond and John Browne are two of the many stars for their Mustangs. Raymond was an All-Peninsula choice as defensive line-backer and Browne was picked for his backfield offense finesse.

In practice games the Mustangs lost to Sequoia, 21-6, but bounced back to up-end Lincoln of San Jose, 14-12.

Sal Blas will take over for John Margaroni who may have a fractured leg. If Margaroni's leg is fractured he may be out for the season—another unhappy punch to McGrath's mi
section.

"We could have passed

receivers couldn't hang on
the ball. No, we're not pla

San Francisco State's Gators tucked their 4-0 record into their bags and hope to break an unbeaten league leading tie with Nevada for the Far Western Conference title chase in Reno Saturday. The Gators are 1-0 and Nevada 2-0.

The Gators last victim was San Quentin, as they "stole" a 35-0 win in a practice game. They met the Pirates for the second time this year after Occidental college players complained of food poisoning and had to cancel out.

Broadmoor Youth Association and the Tigers met in the only fifth grade game of the day. BYA triumphed, 25-6.

In sixth grade competition, the BYA 49ers shut out the Benjamin Franklin Midgets, 18-0. Our Lady of Perpetual Help and the PAL Devilpups staged a fine defensive battle, with the Devilpups winning out, 6-0. The BYA Rams lost 12-7 to the PAL Redskins.

The Daly City Merchants and Shell BYA Stars showed titled contention in the seventh grade league. The Merchants defeated OLPH, 38-0, while the Stars defeated PAL, 39-0.

In the eighth grade league, OLPH turned in the only winning effort, defeating Benjamin Franklin, 19-13, while PAL and the BYA Colts battled to 6-6 deadlock.

League play resumes 11 a.m. Saturday at the above-mentioned sites.

If what happened in practice games is any indication of the caliber of the Peninsula League football teams there is much room for improvement.

Teams from this league have a composite 2-11-1 record against outside teams this fall. The only wins were Burlingame's edging of Harry Ells, 14-12, and Capuchino's squeezing of Lincoln (San Jose), 14-12. The tie was a 14-14 stand-off between San Mateo and Monterey.

Four of the eleven losses went to Daly City's representatives, Westmoor and Jefferson.

Westmoor couldn't use the secret "fog" weapon here last Friday and dropped a 34-19 decision to Menlo Atherton. On one play, Pete Daniels grabbed a Jim Heick pass and ran into the fog. By the time he completed the 74-yard pass-play he was nowhere in sight.

For all the spectaors knew, he could have run into the stands and around the field. The "soup" was so thick he sped out of sight at the 50-yard line. Only the accompanying outcry of partisan fans let onlookers at one goal line know that he reached the other side.

If Coach Pete Matisi should say, "You haven't seen anything yet," he's probably right. On foggy days it looks like the "Grey Ghost" eleven is playing "Blurs High" in the yearly Phantom Bowl.

Westmoor's field is geared for running. It has to be. A long pass could easily be lost in the fog. No, Ram fans, those aren't satellites, they're footballs!

Joe McGrath must feel like a man with one arm caught in a washing machine wringer with a freight train approaching head-on. In two games his Jeff crew have had 72 points scored against them. The Indians haven't scored yet.

Westmoor's Rams can't see the goal line stripe—yet reach it. The Jeff boys see it but can't reach it.

Joe Verducci again took his team to San Quentin due to Occidental's "food-poisoning" cancellation of the Southland game. With two trips there (behind bars) already this season, the warden may keep Verdooch there a third time. Joe isn't a two-time loser, though. His club won both games, the latest a 35-0 lacing which caught inmates with their stripes down.

RAMS WIN TWO MORE CROSS-COUNTRY DUELS

Westmoor High's varsity cross country team won two more meets last week and moved to a 2-1 record in Peninsula League standings.

The Rams nipped Riordan in a practice test, 28-29, and two days later downed Hillsdale in PL competition, 25-30.

Westmoor's Jim Buccelli recorded his fastest-ever efforts in both victories. His time was 10:09 against Riordan (second place to Kevin Brickley) and 10:07.6 against Hillsdale.

The Rams swamped the Riordan jayvees, 15-48, and won the frosh duel, 20-55, with Steve Little running a blazing 7:27 for second place.

Hillsdale defeated the Westmoor frosh-sophs, 15-47.

Coach Ernie Ribera's biggest surprise of the day against Hillsdale came when freshman Jack Larson covered the 1.25 miles course in 7:18.6 — a new record for the Ram course. This was an unofficial race, however.

WESTMOOR HIGH 120-POUNDERS TIED FOR LEAD

Coach Tony Giammona's 120-pound basketballers met Capuchino Tuesday in a game to decide the Peninsula League leadership after both teams rolled up 3-0 marks.

Westmoor High's 120's beat Burlingame, 40-25, and Hillsdale, 31-20, last week. Two Mike's, Kerney with 10 points and Lanier with 9, led the Rams to victory over Burlingame. John Kelley's 12 points was the high production mark against Hillsdale.

Byron Van Alstyne's 110's took losses No. 2 and 3 on the chin against the same opposition. Jeff Trager led the Westmoor scoring with 8 and 11 markers against Burlingame, 25-22, and Hillsdale, 30-22.

The Westmoor lightweights host San Mateo this Thursday.

Indian Freshmen Meet Burlingame

Jeff High's Frosh footballers, under the guidance of Bob Watt open their five-game Peninsula League schedule by meeting Burlingame this Friday at 3 p.m. there.

Watt is pleased with the turnout of 40 gridders, more than the varsity's 36, and announced his starting backfield would be Dan Hermosillo, quarterback, Larry Keeling and Jack Durham at halves, and Frank Gallegos at fullback.
